Integrated features for all parties in a residential community

## WHY i-NEIGHBOUR

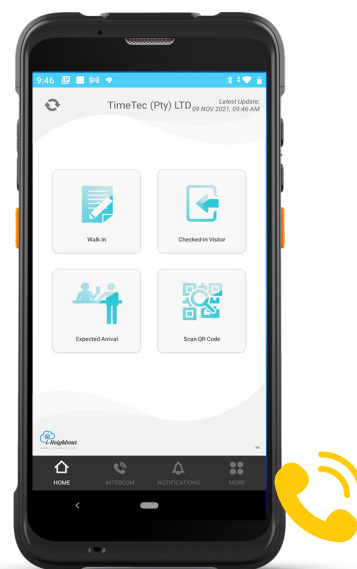

## VISITOR MANAGEMENT SYSTEM

Seconds to register a visitor

- ✓ Instant in-app notification of arrival and departure
- ✓ Intercom to call and authorise unannounced visitors
- ✓ Pre-Register or invite visitor to receive a QR or Pin Code
- ✓ Restrict unwanted visitors
- ✓ Capture and verify visitor information
- ✓ Trigger barrier gate after successful verification

## WHY CHOOSE TIMETEC VISITOR?

1

**AUTOMATE YOUR VISITOR FLOW**

2

**SIMPLIFY VISITOR & FACILITY MANAGEMENT**

3

**ADVANCED REPORTING & SECURITY CONTROL**

## AUTOMATE VISITOR FLOW

### VISITOR SELF CHECK-IN

Visitors can register with a kiosk in the reception area

### INSTANT NOTIFICATION / INTERCOM

Visitees receive notification/intercom when visitor checks in

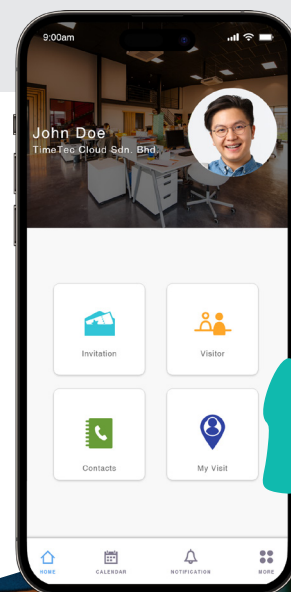

### VARIOUS VISITOR CHECK-IN TYPES

On-the-spot, pre-register or invited by visitee, all available

### VARIOUS VERIFICATION TECHNOLOGIES

QR Code, OCR or Facial Recognition, choose the security to validate your visitors

## REPORTING

i-Visit provides a platform for real-time visitation records and allows you to generate extensive reports of information captured by the representative who checked the visitors in or out. Reports and charts are accessible on the portal for authorised administrators, where records can be exported to Excel or PDF.
